Abrasives

The Abrasive range offers an extensive portfolio of products, ranging from discs and weave pads, to strips and dust extraction blocks.

bodyline®

Superbrade Disc

Part No.	Item	Size	Quantity
BGSB	Superbrade Disc	100mm	Pack of 1
BSB2	Superbrade Disc	100mm	Pack of 2

The Superbrade Griplock Discs are designed to handle tough cleaning and stripping jobs. They clean paint and rust from hard to reach areas effectively prior to repair.

- Impregnated grit gives consistent performance
- Moulded flat fixing increases versatility, as product can be used on a flat surface

Griplock Holder

Part No.	Size
BGH50	50mm With 6mm Shaft

A dedicated holder that has to be used with the Griplock system.

Griplock Stripping Disc

Part No.	Item	Size	Quantity
BGSCD50	SCM Discs Coarse	50mm	Pack of 20
BGSD50	Stripping Discs Coarse	50mm	Pack of 10
BGSD75	Stripping Discs Coarse	75mm	Pack of 10

Griplock Stripping Disc provide abrasive solutions for all grinding, finishing, deburring and cleaning applications.

- The small diameter discs allows difficult areas to be easily reached, improving final finish
- Quick and easy disc change system enables the user to change product or grade quickly to suit the required application leading to improved process efficiency

Griplock Grinding & Flap Discs

Part No.	Item	Size	Grit	Quantity
BGGD5036	Grinding Disc	50mm	36	Pack of 50
BGGD5050	Grinding Disc	50mm	50	Pack of 50
BGFW5060	Flap Disc	50mm	80	Pack of 10
BGGD5080	Grinding Disc	50mm	60	Pack of 10

The Griplock Discs provide abrasive solutions for all grinding, finishing, deburring and cleaning applications.

- The small diameter discs allow difficult areas to be easily reached, improving final finish
- Quick and easy disc change system enables the user to change product, or grade, quickly to suit the required application, leading to improved process efficiency

Zirconia Cloth Belts

Part No.	Size	Grit	Quantity
BDPBZB1040	10x330mm	40	Pack of 10
BDPBZB1060	10x330mm	60	Pack of 10
BDPBZB1080	10x330mm	80	Pack of 10
BDPBZB2040L	20x520mm	40	Pack of 10
BDPBZB2060	20x480mm	60	Pack of 10
BDPBZB2080	20x480mm	80	Pack of 10

Zirconia Cloth Belts are durable polyester cloth back belts, designed to give a consistent level of stock removal.

- Grit ranging from P40 to P80 meets every step of the repair process
- Lack of premature grit shredding gives prolonged performance
- Eliminates overlap results in smooth abrasive action

Zirconia Fibre Discs

Part No.	Size	Grit	Quantity
BDPBZD10036	100mm	36	Box of 25
BDPBZD10050	100mm	50	Box of 25
BDPBZD11524	115mm	24	Box of 25
BDPBZD11536	115mm	36	Box of 25
BDPBZD11550	115mm	50	Box of 25

Zirconia Fibre Discs are superior performance discs designed to meet every abrasive step of the repair process.

Superbrade Mandrel

Part No.	Size
BSM6	6mm

Superbrade Mandrel is designed to be used with the Superbrade Discs. The metal fixing on the back ensures the product performs consistently.

AirMax® Abrasive Discs

Part No.	Size	Grit	Quantity
BAMAD12580	125mm	80	Box of 50
BAMAD125120	125mm	120	Box of 50
BAMAD125180	125mm	180	Box of 50
BAMAD125240	125mm	240	Box of 50
BAMAD125320	125mm	320	Box of 50
BAMAD125400	125mm	400	Box of 50
BAMAD125500	125mm	500	Box of 50
BAMAD15080	150mm	80	Box of 50
BAMAD150120	150mm	120	Box of 50
BAMAD150180	150mm	180	Box of 50
BAMAD150240	150mm	240	Box of 50
BAMAD150320	150mm	320	Box of 50
BAMAD150400	150mm	400	Box of 50
BAMAD150500	150mm	500	Box of 50

BODYLINE® AirMax range provides customised technology depending on each stage of the repair process.

- **Unrivalled Dust Extraction:** Superior extraction capacity reduces clogging even on the toughest surfaces
- **Proven Longer Lasting Performance:** Increased surface area covered, improved cutting action leading to longevity of the disc and cost savings for the end user
- **Excellent Stock Removal:** Reduces dust in the atmosphere through improved extraction
- **Net Material:** Velcro backed discs ensure the product will fit to any backing pad
- **Outstanding Flexibility:** Suitable for fast cutting on a variety of surfaces
- Velcro backed discs and will fit to any backing pad

KEY Features

Bodyline AirMax discs combine a net product for the finer grit discs (P80 – P400) and a paper product for the coarse grit (P40 / P60) discs.

Blend and Finish Discs

Part No.	Size	Grit	Quantity
BBFD1251000	125mm	1000	Box of 20
BBFD1252000	125mm	2000	Box of 20
BBFD1253000	125mm	3000	Box of 20
BBFD1501000	150mm	1000	Box of 20
BBFD1502000	150mm	2000	Box of 20
BBFD1503000	150mm	3000	Box of 20

Superior performance discs designed to meet every abrasive stage of the repair process.

KEY Features

Improved cutting made possible by the incorporated ceramic grain, this also increases the longevity and durability of the disc.

Film Abrasive Discs

Part No.	Size	Grit	Holes	Quantity
BFAD125800	125mm	800	9	Box of 50
BFAD1251000	125mm	1000	9	Box of 50
BFAD1251200	125mm	1200	9	Box of 50
BFAD1251500	125mm	1500	9	Box of 50
BFAD150800	150mm	800	15	Box of 50
BFAD1501000	150mm	1000	15	Box of 50
BFAD1501200	150mm	1200	15	Box of 50
BFAD1501500	150mm	1500	15	Box of 50

Superior performance discs designed to meet every abrasive stage of the repair process.

Denib Abrasive Discs

Part No.	Size	Grit	Quantity
BDAD2000	37mm	P2000	Box of 100

Designed to be used with the Denibbing Block PSA.

- Silicon carbide grain gives a very uniform finish
- High removal rate with a high quality finish
- Supplied in a dispenser box for easy storage and dispensing, thus minimising wastage

KEY Features

The denibbing system is perfect for removing small dirt inclusions to prepare a vehicle for polishing.

Bodyguide Powder

Part No.	Colour	Size
BBPB	Black	100g
BBPW	White	100g

The Dry Guide Coat has excellent covering properties. The powder makes all contoured areas.

- The black powder is used for light colour surfaces.

Denibbing Block Grip/PSA Soft

Part No.	Size	Quantity
BDNBS	30mm	Pack of 2

Denib Polishing Block is used for denibbing dirt inclusions.

- Fluted design for added hand comfort
- Double sided design with a hard side for flat surfaces, and a soft side for contours and shapes

Bodyshine Cleaning Liquid

Part No.	Size
BSH1	1L

A spray additive designed for the general cleaning and polishing of all trims and glass. It removes and prevents holograms and achieves high gloss results.

- **Versatile:** can be used as a lubricant with 2000/3000 Blend & Finish Discs
- Can be used to minimise the heat build up when polishing with Foam Pads
- Supplied in a 1 litre trigger bottle for easy application

The BODYLINE® range delivers product performance and process improvement.

Grip Abrasive Discs

Part No.	Size	Grit	Holes	Quantity
BGAD7780	77mm	P80	0	Box of 50
BGAD77120	77mm	P120	0	Box of 50
BGAD77180	77mm	P180	0	Box of 50
BGAD77240	77mm	P240	0	Box of 50
BGAD77320	77mm	P320	0	Box of 50
BGAD77400	77mm	P400	0	Box of 50
BGAD77500	77mm	P500	0	Box of 50
BGAD771203	77mm	P120	3	Box of 50
BGAD771803	77mm	P180	3	Box of 50
BGAD772403	77mm	P240	3	Box of 50
BGAD773203	77mm	P320	3	Box of 50
BGAD774003	77mm	P400	3	Box of 50
BGAD775003	77mm	P500	3	Box of 50
BGAD775003	77mm	P80	3	Box of 50

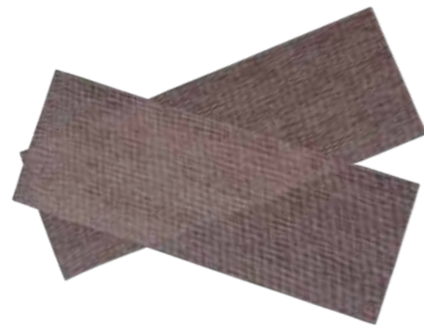

Superior performance discs designed to meet every stage of the repair process.

Stripe Remover Wheel

Part No.
BSMR

Removes stripes, decals and moulding adhesive from panels without burning or discolouration.

Bodyline AirMax® Abrasive Strips

Part No.	Size	Grit	Quantity
BAMAS12580	70 x 125mm	80	Box of 50
BAMAS125120	70 x 125mm	120	Box of 50
BAMAS125180	70 x 125mm	180	Box of 50
BAMAS125240	70 x 125mm	240	Box of 50
BAMAS125320	70 x 125mm	320	Box of 50
BAMAS125400	70 x 125mm	400	Box of 50
BAMAS19880	70 x 198mm	80	Box of 50
BAMAS198120	70 x 198mm	120	Box of 50
BAMAS198180	70 x 198mm	180	Box of 50
BAMAS198240	70 x 198mm	240	Box of 50
BAMAS198320	70 x 198mm	320	Box of 50
BAMAS198400	70 x 198mm	400	Box of 50
BAMAS42080	70 x 420mm	80	Box of 50
BAMAS420120	70 x 420mm	120	Box of 50
BAMAS420180	70 x 420mm	180	Box of 50
BAMAS420240	70 x 420mm	240	Box of 50
BAMAS420320	70 x 420mm	320	Box of 50

The *Bodyline AirMax* range provides customised technology depending on each stage of the repair process. *Bodyline AirMax* combines a net product for the finer grit strips (P80 – P400) and a paper product for the coarse grit (P40 / P60) strips.

- **Unrivalled Dust Extraction:** Superior extraction capacity reduces clogging even on the toughest surfaces
- **Proven Longer Lasting Performance:** Increased surface area covered, improved cutting action leading to longevity of the disc and cost savings for the end user
- **Excellent Stock Removal:** Reduces dust in the atmosphere through improved extraction
- **Outstanding Flexibility:** Suitable for fast cutting on a variety of surfaces
- A net products that works with any velcro blocks

DA Backing Pad & Interface Pad

Part No.	Item	Size
BDPBBP1	DA Backing Pad PSA 5/16 UNF	150mm
BDPBBP15HV	DA Backing Pad 15H Velcro 5/16 UNF	150mm
BDPBBP7HV	DA Backing Pad 7H Velcro 5/16 UNF	150mm
BDPBBP3VM	DA Backing Pad Velcro M6	75mm
BDPBABP44H	AirMax Backing Pad 44H 5/16 UNF	125mm
BDPBABP51H	AirMax Backing Pad 51H 5/16 UNF	150mm
BDPBIP15HV	Soft Interface Velcro Pad 15H Velcro	150mm
BDPBIP7HV	Soft Interface Pad 6/7H Velcro	150mm
BDPBGCH75	Gripfast Compound Head	75mm

BDPBBP1: Tough and durable polyurethane pad. For use with all plain or 6 hole 150mm self adhesive abrasive discs.

BDPBP15HV: Standard profile medium density pad, for use with all 15 hole 150mm velcro abrasive discs. Side dust extraction vents remove more unwanted particles from the sanding area.

BDPBBP3VM: For use with all 75mm velcro abrasive discs.

BDPBABP445: To be used with AirMax Discs

BDPBABP51H: To be used with AirMax Discs

INTERFACE PAD

- Placed between pad and abrasive disc to create a very soft sanding surface. For use with all 7 or 15 hole 150mm velcro abrasive discs.

Rubbing block

Part No.	Size
BDPBRB	n/a

Handheld Rubbing Block is designed to allow the user to reach awkward places with ease. It has a flat base and a shielded rubber spike to ensure the abrasive is held firmly in place. It can be used with wet/dry sandpaper.

- Comfortable to hold increases user satisfaction
- Flat base ensures even sanding

Dust Extraction Blocks

Part No.	Size	Holes
BDEB125	70 x 125mm	13
BDEB198	70 x 198mm	22
BDEB420	70 x 400mm	53

A comprehensive dust extraction block for panel and paintshop applications.

- Highly efficient, which provides a cleaner working environment for the bodyshop
- Comfortable to use, designed for user satisfaction

Dust Extraction Block Kit

Part No.	Size	Holes
BDEBK198	70 x 198mm	40

A comprehensive dust extraction block for panel and paintshop applications.

- Highly efficient, which provides a cleaner working environment for the bodyshop
- Comfortable to use, designed for user satisfaction

Dust Extraction Block Hose

Part No.	Size	Quantity
BDEBH	20mm x 4m	1

A flexible suction hose to connect the sander and the dust extractor.

Cyclone Weave Pads

Part No.	Item	Size	Quantity
BCWPUF	Ultra Fine	115 x 230mm	Box of 15
BCWPVF	Very Fine	115 x 230mm	Box of 15

Developed for hard-to-reach areas prior to painting, spot-repairs and removing overspray in a blending zone. The Cyclone Weave Pads are a flexible, three dimensional fibre sanding material that provide an excellent surface finish.

- Due to the special structure, the Cyclone Pads are easy to use on profiled surfaces
- Ideal for matting of surfaces, providing an excellent base for the paint layer

Available in 2 grades

- **Very Fine:** Suitable for primary sanding of various materials and old lacquer layers. Sanding of blendings before applying the primer
- **Ultra Fine:** Suitable for preparation of lacquered surfaces and awkward blend areas

Bodysoft Paper Roll

Part No.	Size	Grit	Quantity
BSPR320	115 x 25mm	P320	1
BSPR500	115 x 25mm	P500	1
BSPR800	115 x 25mm	P800	1

A special latex impregnated paper backing allowing the product to remain flexible and allowing for an increase in abrasive content. The abrasive will cut faster and last longer while still avoiding any sharp edges and maintaining the correct scratch pattern.

Green Non-Woven Pads

Part No.	Size	Quantity
BNWPG	152 x 229mm	Pack of 20

Designed for hand sanding of vehicles. The non-metallic, 3D construction of nylon fibres enable a consistent finish to be achieved.

- Improved flexibility allows all contours to be reached easily
- Water and solvent resistant to clogging and smearing
- The consistent scratch pattern achieves uniform finish
- **Versatile:** can be used wet or dry

Weave Prep Roll

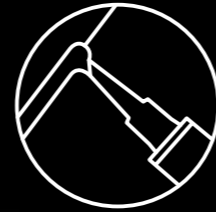

Part No.	Item	Size
BWPRUF	Ultra Fine	100mm x 10m
BWPRVF	Very Fine	100mm x 10m

Designed for hand sanding of vehicles.

- Improved flexibility, allowing all contours to be reached easily
- Water and solvent resistant to clogging and smearing
- Uniform finish, providing a consistent scratch pattern
- **Versatile:** can be used wet or dry

Sealers & Adhesives

The Sealers & Adhesives range consists of a wide variety of PU products, caulking guns and glazing sealants; ideal for repairing vehicle panels to upholstery.

bodyline®

Wet On Wet Sealer

Part No.	Item	Size
BWWSB	Black	290ml
BWWSG	Grey	290ml
BWWSW	White	290ml

A professional sealant based on modern MS Polymer technology.

- Remains flexible after application prevents shrinking of the product
- Solvent and Isocyanate free, making it more environmentally friendly
- Excellent sag resistance
- Cures 3mm per 24 hours at 23°C
- Skin forming after 10 minutes at 23°C
- Low odour

KEY Features

Excellent adhesion properties and is over-paintable immediately with most paint systems.

Professional Caulking Gun

Part No.

BPCG

Allows a consistent flow of product to achieve an even bead. It has very high transmission which makes it ideal for higher viscous adhesives.

- Suitable for up to 310ml cartridges

KEY Features

The cartridge head rotates to keep the cartridge in the same position, reducing the risk of a twisted or inconsistent bead.

Seam Sealer Brush

Part No.

BSSB

Size

n/a

A strong nylon bristled brush that can be used to apply most brushable seam sealers.

- Ideal for use with the *Bodyline* Brushable Joint Sealer

Double Sided Grey Acrylic Tape

Part No.	Size
BDPBDSAT12	12mm x10m
BDPBDSAT6	6mm x 10m
BDPBDSAT9	9mm x 10m

A reinforced acrylic foam tape with high tack and shear strength performance acrylic adhesive. The product has excellent adhesion to a wide range of substrates including plastics and metals; saving the Bodyshop money by reducing the need to buy additional mouldings.

- Ideal for bonding emblems, nameplates and plastic panels
- This tape is 1mm thick and allows for variations on the depth of the moulding of the car

Transparent Acrylic Tape

Part No.	Size
BDPBFAT6	6mm x 10m
BDPBFAT9	9mm x 10m
BDPBFAT12	12mm x 10m
BDPBFAT19	19mm x 10m

These transparent acrylic tapes are the highest performance bonding and mounting tapes. The tape provides a complete water, dust and air seal.

- The tapes are re-positionable, UV resistant, high and low temperature resistant -40°C to + 170°C and with good chemical resistance

Plastic Repair Kit

Part No.	Item	Size
BPRK	Repair Kit	-
BMABF50	Multi-Purpose Adhesive ME Blk Fast	50ml
BMABM50	Multi-Purpose Adhesive ME Blk Med	50ml
BMABS50	Multi-Purpose Adhesive ME Blk Slow	50ml
	Adhesion Promoter x 1	200ml
	Plastic Cleaner x 1	500ml
	Reinforcement Film x 1	n/a
	Contour Film x 1	12 x 360cm
	Mixing Nozzles x 12	50ml
	Plastic Applicator Gun x 1	n/a

Provides a complete solution for all plastic structural and cosmetic repairs. The kit is supplied in a sturdy carry case, allowing all your plastic repair needs to be kept in one convenient place. All items available separately.

Contour Film

Part No.	Size
BCF	-

A specially designed film for the shaping and moulding of 2K PU adhesive prior to curing. Once the adhesive has cured, the film is released and can be easily removed.

Multi-Purpose Adhesive

Part No.	Item	Size
BMABF50	Multi-Purpose Adhesive ME Blk Fast	50ml
BMABM50	Multi-Purpose Adhesive ME Blk Med	50ml
BMABS50	Multi-Purpose Adhesive ME Blk Slow	50ml

A two-part high strength polyurethane adhesive ideal for the universal repair and bonding of plastic bumpers, trim and vehicle components.

- Automatic one step mixing provided by gun and nozzle, making it easy to use, with no mixing required
- Provides excellent adhesion and bonding, increasing customer confidence
- Consistent quality
- Easy to sand

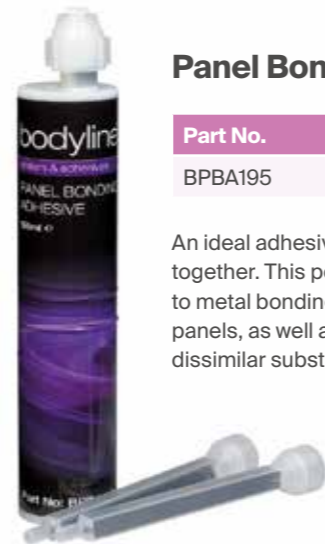

Power Adhesive MMA

Part No.	Item	Size
BPAM50	Power Adhesive MMA	50ml

A 2K toughened black acrylic structural adhesive, used for difficult-to-bond substrate composites, carbon fibre, plastics and metals; particularly where a substrate of a different material needs to be bonded together i.e plastic to metal.

- Multi-substrates can be bonded including; FRP, RTM, SMC (Sheet moulded compounds) infusion, gel coat, ABS, polycarbonate, aluminium, RVS and cold rolled steel.
- Low thermo curing
- Cures at room temperature.
- No special treatment of the substrate required
- Does not boil in thick layers
- Excellent sag resistance for horizontal and vertical applications
- Paintable after curing
- Filling properties up to 5mm
- High energy and impact absorption

Panel Bonding Adhesive

Part No.	Size
BPBA195	195ml

An ideal adhesive for bonding two substrates together. This power weld offers excellent metal to metal bonding for door skins and outer body panels, as well as providing good bonding for dissimilar substrates like metal and plastic.

- Excellent adhesion to wide variety of substrates, reducing the need for other adhesives
- Excellent sag resistance
- 2 Year shelf life for open and unopened cartridges
- Paintable after curing
- Almost no smell
- Non flammable

Guaranteed adhesive thickness of 0.25mm due to glass bead technology.

Reinforcement Film

Part No.	Size
BRF	-

This reinforcement film is to be used as part of the Bodyline plastic repair process.

Sealer Cartridge

Part No.	Quantity
BSCN	Pack of 6

A transparent nozzle, available in a pack of 6.

- Easy to see when the sealer is ready for use.
- Suitable for use with Bodyline 310ml and 290ml sealer cartridges

Mixing Nozzles

Part No.	Item	Size
BMN	Mixing Nozzles	Pack of 12
BMNLB	Mixer Nozzle Black 195ml	Pack of 12

For use with *Bodyline* Adhesive Cartridges, they come in a cost effective pack of 12.

- The unique mixing configuration allows minimal wastage within the nozzle, saving the bodyshop money

Plastic Cleaner

Part No.	Size
BPC500	500ml

A specially designed water based cleaner which will clean oil, silicon residue or grease from any plastic surface.

- Can be used for the cleaning and degreasing of plastics before any repair or bonding, thus increasing product versatility
- Supplied in a trigger spray bottle for ease of use and application

Plastic Applicator Gun

Part No.	Size
BPAG50	50ml

Handheld Plastic Applicator Gun is designed for the controlled application of two component epoxies, silicones and other such materials.

- Supplied with various plungers for increased versatility of the gun, the user can dispense different ratio industry standard 50ml 1:1, 2:1, 4:1, 10:1 cartridges

Hi Temp Trim Tack Aerosol

Part No.	Size
BHTTA	500ml

Bodyline high strength Trim Tack is ideal for bonding trim fabrics such as roof linings and carpets.

Sprayable Sealer Grey

Part No.	Size
BSSG	310ml

A single component sealer specifically designed to match O.E sprayed seams. This sealer is easy to use and can be used on any type of car.

- Isocyanate and silicone free, making it more environmentally friendly
- Almost no smell
- Very good adhesion on metals, primers and enamels

KEY Features

Excellent adhesion properties and is over-paintable immediately with most paint systems.

Brushable Joint Sealer

Part No.	Size
BBJS	1kg

A highly adhesive, synthetic rubber based sealant that provides a durable protective and flexible seal on overlapping seams and joints.

- High adhesion properties and can be over-painted
- Extremely durable due to petrol, oil and water resistance

Cavity Wax

Part No.	Item	Size
BCCW1	Clear	1L
BCCWA	Clear	500ml
BCW1	Amber	1L
BCWA	Amber	500ml

A high performance, specially designed coating to protect inaccessible areas of vehicle bodies from corrosion.

Body Schutz

Part No.	Size
BBS1	1L
BBSA500	500ml

Protects against corrosion, water and road salt to give a durable textured finished for the underbody of a vehicle.

AC Gel Clear & Activator

Part No.	Item	Size
BACGC	AC Gel Clear	20g
BACGA	AC Gel Aerosol Activator	150ml

A quick and easy to apply gel for filling scratches and grooves.

- The Activator speeds the curing time of the AC Gel
- Bonds various substrates like EPDM, SBR, PVC, ABS
- High viscosity

Adhesion Promoter Aerosol

Part No.	Size
BAP200	200ml

Improves the adhesion of structural adhesives on thermoplastic PolyOlefin (TPO) plastics. It is easy to apply and is usable on most common thermoplastic materials.

- **Short drying time:** approximately 5 minutes helping with Bodyshop time efficiency

Adhesive Remover Aerosol

Part No.	Size
BARA	500ml

Enables easy removal of the glue residue and adhesive left behind from the removal of badges, mouldings and graphics. The special formulation allows the liquid to soak into the adhesive and using its slow evaporation, softens the glue for easy removal.

Glazing Primer

Part No.	Size
BP30	30ml

Ensures perfect adhesion on glass and protects direct glazing sealer from UV exposure whilst having high durability properties. It also aids the adhesion of Direct Glazing Sealer.

Universal Air Applicator Gun

Part No.	Item	Size	Quantity
BUAG	Universal Air Applicator Gun	310ml/600ml	1
BUAGN1	Outer Cartridge Nozzle	n/a	Pack of 5
BUAGN2	Inner Plastic Cartridge Nozzle	n/a	Pack of 5
BUAGN3	Inner Aluminium Cartridge Nozzle	n/a	Pack of 5
BUAGN4	Inner Cartridge Nozzle Fine Tip	n/a	Pack of 5
BUAGN5	Inner Sachet Nozzle	n/a	Pack of 5

A multipurpose sealer application gun. Suitable for 310/600ml single component cartridges and sachets.

- This product is very easy to control, allowing for a controlled flow of sealer
- As the gun is multipurpose it can also be used as a spray application tool, to create the OE Finish of spray sealing, stone-chip and sound deadening applications
- The control feature on the gun is easy to use and helps to control the spray pattern
- The air control unit is also simple to use, giving a consistent air pressure to the gun whilst in use

KEY Features Easy to change between bead and spray application with one twist.

The BODYLINE® product range uses the latest material technologies available.

Masking

The Masking range consists of tapes, wraps and paper – the ideal products for Bodyshop vehicle preparation and safety.

Masking Tape

Part No.	Size
BMT18	18mm x 50m
BMT24	24mm x 50m
BMT36	36mm x 50m
BMT48	48mm x 50m

A high quality effective masking tape designed to be used for all general masking. It can be used in both air dry and low bake operations.

- Sticks easily and is flexible for easy body contour masking and fast application
- Easy to remove and leaves no residue
- Temperature usage range suitable for all Bodyshop environments, up to 80°C

Trim Masking Tape

Part No.	Size
BDPBTMT	50mm x 10m

A waterproof making tape designed for masking trims. It can be used to mask around corners easily without the need for cutting.

- Special lifting tab allow for easy removal after baking
- Universal size fits all trims
- Good temperature resistance range suitable for all Bodyshop environments, up to 120°C

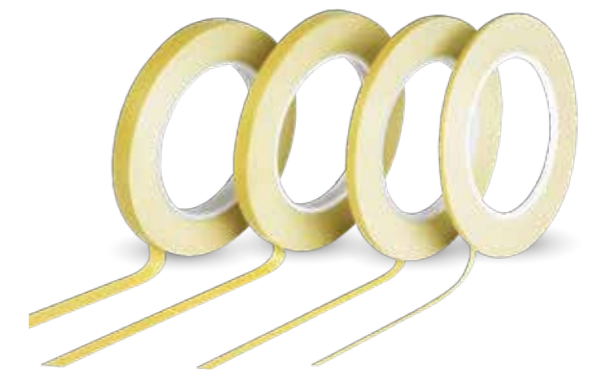

Fine Line Tape Orange

Part No.	Size
BDPBFLT03	3mm x 55m
BDPBFLT06	6mm x 55m
BDPBFLT012	12mm x 55m

Designed to help achieve long straight lines whilst remaining flexible.

- Higher temperature resistance than conventional fine line tapes (up to 150°C/302°F /compatible when using IR curing)
- Extra adhesive to prevent lift or curl on tight angles
- Good for lining bumpers and achieving straight lines
- Prevents paint bleeding
- Thickness of 0.120mm; this allows the tape to be more flexible around tight corners

Fine Line Tape Olive

Part No.	Size
BDPBFLT12	12mm x 55m
BDPBFLT3	3mm x 55m
BDPBFLT6	6mm x 55m
BDPBFLT9	9mm x 55m

Designed to give a precise clean cut edge, providing a fine straight edge to paintwork.

- High temperature resistance to shrinks or creeps
- Easy to remove, leaves no residue
- Excellent adhesion properties to materials, which bonds to all automotive paint types and a wide range of plastics allowing no paint spread
- Easy to use, highly conformable and bonds well to masking paper
- Thickness of 0.127mm

Fine Line Tape Blue

Part No.	Size
BDPBLTB3	3mm x 33m
BDPBLTB6	6mm x 33m
BDPBLTB12	12mm x 33m

Designed for multi-colour and design jobs. Gives medium flexibility.

- Temperature resistant up to 138°C/280°F
- Can be used on all parts of substrates to protect safe parts of body from overspray
- Easy to remove and leaves no residue
- Thickness of 0.163mm

Fine Line Tape Green

Part No.	Size
BDPBLTG3	3mm x 55m
BDPBLTG6	6mm x 55m

Designed to be used on curves and tight angles, helping to produce a clean paint edge.

- Easily removed with no residue
- The tape can withstand temperatures up to 132°C for at least 30 minutes

High Temperature Masking Tape

Part No.	Size
BDPBHTMT24	24mm x 50m
BDPBHTMT48	48mm x 50m

A 2-in-1 fine line masking tape.

- It is a flexible, water-proof acrylic adhesive that prevents paint bleeding
- Can withstand high temperatures up to 100°C
- Easily removed with no residue
- Sticks to plastics, trims, rubber
- Ideal for wheel masking

KEY Features UV resistant-ideal for vehicles to be masked and left for short periods of time.

Foam Masking Tape

Part No.	Size
BDPBFMT	13mm x 55m

A specialist masking tape constructed from open cell foam designed for masking vehicle apertures effectively. It is designed for use in low bake ovens.

- Reduces time required to mask jambs
- Fits a wide variety of jambs
- Extremely absorbent towards overspray, which eliminates contamination
- Easy to use, no risk of damaging paint finish

Masking Paper

Part No.	Size
BDPBCMP1200	1200mm x 180m
BDPBCMP450	450mm x 180m
BDPBCMP900	900mm x 180m
BDPBMP18	450mm x 250m
BDPBMP36	900mm x 250m
BDPBMP48	1200mm x 250m

A standard brown masking paper for use with air dry and low bake application.

- Superb strength and flexibility

Emblem Adhesive Tape

Part No.	Size	Quantity
BDPBEAT	50mm	Pack of 10

Designed to salvage and re-use undamaged trims and badges eliminating the need for a replacement. Can also be used for positioning parts before final fixing or for fixing decorative and promotional items.

Lightning Mask

Part No.	Size
BDPBLM100	100m x 6m
BDPBLM120	120m x 5m
BDPBLM150	150m x 4m

Excellent static cling to prevent underspray and ghosting.

- Paint up to the edge and eliminate the need for paper
- Supplied in a box with tear off strip for easy dispensing
- 6 metre option can be used for cars, vans and CV
- Robust to avoid tears but allows for a smooth cut

KEY Features Clearly visible markings on the masking film help the user to orientate for better application.

Safety Blade Cutter

Part No.	Size
BDPBSBC	n/a

Allows the safe cutting of masking materials without damaging the vehicles' paintwork.

- Dual edged blade reduces risk of tearing the product

Alloy Wheel Mask

Part No.	Quantity
BDPBAWM	Roll of 80

Specially designed for the quick and easy masking of the tyre when refinishing alloy wheels.

- The plastic is made from a special memory retaining construction where it pulls back into shape once it is placed over the bead of the wheel; this ensures a tight seal
- Made from a paint absorbent material, that ensures the paint sticks to the cover avoiding any flaking during the de-masking operation

Disposable Floor Mats

Part No.	Item	Quantity
BDPBFBM250	Brown Recycled Floor Mats	Pack of 250

Disposable Floor Mats are made from 1 ply recycled tough paper. They protect vehicle carpets and portray a professional image to customers.

Titanium Safety Cutter

Part No.	Size
BDPBTSC	n/a

A long-lasting cutter designed for easy cutting of masking film.

- The design allows for piercing material and easy cutting out of awkward areas
- Long Titanium coated blade allows for easy cutting, reducing the chance of snagging

Vehicle Wrap

Part No.	Size
BDPBW600	600mm x 50m

Bodyline vehicle wrap is designed to provide protection for accident damaged vehicles

- Easy to use - very user friendly, self adhesive and can be applied by one person
- Low tack - allowing easy removal without damaging the vehicle

White Disposable Seat Covers

Part No.	Size
BDPBDSC100	Roll of 100

Heavy Duty Disposable Seat Covers are supplied in a dispenser box. They are a high density opaque roll form seat cover ideal for any car. These large covers are ideal for cars with high backed seats or head restraints.

Every BODYLINE® product is tried and tested by PPG Industries on product performance and longevity.

Painting

Ideal for all Bodyshops, the BODYLINE® Painting products have been designed to cater for all paint preparation needs.

bodyline®

High Build Primer Aerosols

Part No.	Item	Size
BHPBAB	Beige Aerosol	50ml
BHPADG	Dark Grey Aerosol	50ml
BHPBAG	Grey Aerosol	50ml
BHPBAW	White Aerosol	50ml

A primer-surfacer combining ultra-high filling properties with very quick drying times; resulting in an easily sanded non-porous surface that is suitable for any topcoat.

- Available in Grey, Dark Grey, White and Beige
- Fast drying, decreasing process time of the repair
- Supplied with two nozzles; 1 standard fan and 1 standard round nozzle
- Excellent smooth finish

Plastic Primer

Part No.	Size
BPRS3	500ml

A high build flexible primer ideally suited for most plastic and metal substrates.

- Fast drying coating
- Highly flexible
- Supplied with Two Nozzles: 1 Standard and 1 Fan

Premium Spray Paint

Part No.	Item	Size
BPSPGB	Gloss Black	500ml
BPSPGP	Grey Primer	500ml
BPSPGW	Gloss White	500ml
BPSPRO	Red Oxide	500ml
BPSPMB	Matt Black	500ml
BPSPSB	Satin Black	500ml
BPSPSW	Silver Wheels	500ml
BPSPWP	White Primer	500ml

A range of high performance aerosols designed to give a professional finish. These premium sprays offer high coverage with little overspray.

- Supplied with two nozzles, one standard fan and one standard round nozzle, allowing the application to meet the original finish

Bumper & Trim Coating

Part No.	Item	Size
BPRS5B	Black	400ml
BPRS5DG	Dark Grey	400ml
BPRS5LG	Light Grey	400ml
BPRS5MG	Mid Grey	400ml
BPRS5SB	Slate Black	400ml
BPRS5SG	Smoke Grey	400ml
BPRS5TB	Traffic Black	400ml
BPRSCC	Plastic Repair System Colour Chips	-

Durable coloured coatings that adhere direct to most plastics. Fast drying and easy to blend out for an excellent finish on all interior and exterior hard plastics.

- Variable nozzle; gives broad atomisation and high yield, allowing desired effect to be achieved
- Excellent coverage increases Bodyshop satisfaction

Plastic Adhesion Promoter

Part No.	Size
BDPBRS2	500ml

An advanced adhesion promoter for most types of plastics. Can be over coated with topcoat after just 30 minutes.

- Very fast drying
- Supplied with 2 nozzles

Texture Coating

Part No.	Item	Size
BPRS4	Black Texture Coating	500ml
BPRS4C	Clear Texture Coating	500ml

Restores the structure of repaired plastic surfaces.

- Suitable for internal and external vehicle applications
- Two different nozzles supplied can produce fine or coarse texture
- Easy and quick application, saving process time within the bodyshop

Stoneguard

Part No.	Item	Size
BUBPAG	Black	500ml
BSGGA	Grey	500ml
BSGWA	White	500ml
BSCB	Black	1L
BSCG	Grey	1L
BSCW	White	1L

A high performance coating offering corrosion and weather protection to panels. For internal and external use.

- Long lasting elasticity
- Overcoatable
- Good weathering resistance
- Excellent adhesion

Clear Coat Aerosol & Clear Lacquer Aerosol

Part No.	Item	Size
BCCA	Clear Coat	500ml
BCMLA	Clear Matt	400ml
BCSLA	Clear Satin	400ml

The Clear Coat Aerosol is a high performance 1k lacquer, which gives a crystal clear finish. It can be applied over all water and solvent based basecoats.

- UV and Petrol resistant
- Two nozzles - 1 variable and 1 standard
- Fast Drying
- Can be mechanically polished

A high performance 1K lacquer which gives a crystal clear matt/satin finish that can be applied over all water and solvent based basecoats.

- Superior build
- UV and petrol resistant
- Fast Drying

Ultra Build Primer Aerosol

Part No.	Item	Size
BUBPAG	Grey	500ml

A high performance coating offering corrosion and weather protection to panels. For internal and external use.

- Long lasting elasticity
- Overcoatable
- Good weathering resistance
- Excellent adhesion

Foam Roller & Tray

Part No.	Item	Quantity
BDPBRH	Roller Handle 4"	1
BDPBRR	Roller Refills 4"	Pack of 10
BDPBRT4	Roller Tray	1
BDPBPRR	Premium Roller Refills 4"	Pack of 10

Comprises plastic tray and a high quality foam roller for fast application of primers to repaired areas without using the spraybooth. All parts are available separately.

- Tapered ends eliminate track marks
- Long-lasting
- Perfect for Roll Priming processes / applications

Pressure Pump Spray

Part No.	Size
BDPBVPS1	1L capacity

Ideal for all cleaning applications, both solvent and water.

- Fully adjustable nozzle

Pre-Cleaning Cloth

Part No.	Size
BDPBCC	28 x 37cm

- Extremely low-linting
- Wipes are boxed to protect against contamination
- Tough, durable and re-usable; great dirt and dust pick-up
- Solvent and chemical resistant
- Great absorbency capacity and no chemical binders
- 400 sheets

Spirit Wiper Roll

Part No.	Item	Quantity
BDPBWR	27 x 26cm	280 Sheets

100% melted down polypropylene non-woven wipe perfect for all solvent and spirit wiping applications. Perfect for absorbing oils, solvents and emulsions.

- Low lint minimises fibre shredding
- Highly absorbent, reducing material usage
- Silicone-free

Anti-Static Wipes

Part No.	Quantity
BDPBASW	Pack of 25

Removing the static charge that is significantly found on plastic components.

- Static charge increases dirt inclusions on paint finishes by attracting dust particles in the air to the surface
- The Anti Static Wipe, impregnated with a special blend of chemicals, removes the static charge prior to the paint application
- Re-sealable pouch, packs of 25

Low-Tack Tack Cloth

Part No.	Quantity
BDPBLTTC	Pack of 25
BDPBITACK	Pack of 50

Pressure sensitive low-tack tack rag is silicone free cloth. It has high dust pick up and glides easily over the surface.

- High level of tackifier leaves virtually no residue on the body
- User friendly
- Product stays flexible in all temperature ranges
- Compatible with all paint technologies and leaves no smearing marks

Premier Paint Strainers

Part No.	Item	Size
BDPBPPS	Premier Paint Strainers	190 Micron
BDPBPSUF	Ultra Fine Strainers	125 Micron

Comes with a patented filter tip design with internal polyester mesh incorporating epoxy resin glues. The glue used won't react with solvents or water based products.

- Accurate colour match reduces the need for remixing
- Suitable for use with solvent and water based paints increases versatility of the strainer
- High mesh tolerance and strength gets all paint strained

Colour Check Panel

Part No.
BDPBCCP

A primed, chequered, aluminium plate with space for paint information.

- Use prior to painting a vehicle
- Create your own quick reference spray-out library

Small Paint Mixing Paddles

Part No.	Quantity
BDPBMPMS25	Pack of 25

Unique S-shaped construction is more efficient, saving the bodyshop time.

Paint Mixing Cups & Lids

Part No.	Item	Size	Quantity
BDPBPMC1400	Paint Mixing Cups	1400ml	Pack of 50
BDPBPMC2300	Paint Mixing Cups	2300ml	Pack of 50
BDPBPMC350	Paint Mixing Cups	350ml	Pack of 50
BDPBPMC700	Paint Mixing Cups	700ml	Pack of 50
BDPBMCL1400	Paint Mixing Cup Lids	1400ml	Pack of 50
BDPBMCL2300	Paint Mixing Cup Lids	2300ml	Pack of 50
BDPBMCL350	Paint Mixing Cup Lids	350ml	Pack of 50
BDPBMCL700	Paint Mixing Cup Lids	700ml	Pack of 50

The mixing cups are easy to store and come in a large range of sizes with secure lids.

- Flat, wide based cup ensures all paint is fully mixed and gives added stability
- Suitable for solvent and water based paint – increased versatility of the mixing cup

Bodyline Paint Cup System

All the essential components of a paint cup system - a hard cup & liner, lid and stopper, plus stainless steel adaptors (which can be purchased separately) so the system can be used alongside leading manufacture sprayguns. Each paint cup system lid and liner kit contains;

2 x hard outer cups & collars, 50 x liners, 50 x lids and 20 x stoppers

Product Code	Description
BPCS190400	Paint Cup System 400ml 190mc (Pk50)
BPCS190650	Paint Cup System 650ml 190mc (Pk50)
BPCS190850	Paint Cup System 850ml 190mc (Pk50)
BPCS125400	Paint Cup System 400ml 125mc (Pk50)
BPCS125650	Paint Cup System 650ml 125mc (Pk50)
BPCS125850	Paint Cup System 850ml 125mc (Pk50)

- A reusable hard cup, with a side window that allows the user to check paint levels and allows for easier refilling, it also ensures the paint colour can be seen
- The mixing ratio that is printed onto the cups allows for manual paint mixing to take place
- All livery markings have been encapsulated within the body of the plastic cup, to ensure the markings can not be altered or removed
- Easy identifiable filters available in 2 filter sizes;
 - The 125mc filter is clear
 - The 190mc is purple
- The *Bodyline* filters are precise meaning that there is no discrepancy in the filter measurements across the whole surface of the filter
- The filters help to improve the flow of the paint to ensure quality and reduce contamination
- The lid is made of a flexible material, but with structural reinforcement meaning it is lightweight but very durable
- The lid locks in 4 directions, to make a secure, clean seal
- Black stoppers ensure no leakage within the system

Accessories for Paint Cup System

Hard cups

Product Code	Description
BPC650	PCS Outer Cup With Collar 650ml (Pk2)

- Available to buy separately in a convenient pack of 2.

Wall mounted recyclable dispensers for cups and liners

Product Code	Description
BPCSD	PCS Dispenser for lids
BPCSDL400	PCS Dispenser For Liners 400ml
BPCSDL650850	PCS Dispenser For Liners 650ml & 850ml

- Dispensers come flat packed to help with storage
- The clear visor on the dispenser makes it easy to tell when it needs to be refilled

Adaptors

Product Code	Description
BPCSA1	PCS Spray Gun Adaptor 1 (Female M16*1.5)
BPCSA2	PCS Spray Gun Adaptor 2 (Male G3/8-19)
BPCSA3	PCS Spray Gun Adaptor 3 (Male Φ 13.7)
BPCSA3S	PCS Spray Gun Adaptor 3S (Male Φ 13.7)
BPCSA4	PCS Spray Gun Adaptor 4 (Male G1/4-19)
BPCSA5	PCS Spray Gun Adaptor 5 (Male M16*1.5)
BPCSA6	PCS Spray Gun Adapter 6 (Female M16*1.5)
BPCSA9	PCS Spray Gun Adaptor 9 (Female M18*1.5)
BPCSA10	PCS Spray Gun Adaptor 10 (Male M12*1.5)

Product Code	Description
BPCSA11	PCS Spray Gun Adaptor 11 (Male Φ 8.2)
BPCSA12	PCS Spray Gun Adaptor 12 (Male M16*1.5)
BPCSA13	PCS Spray Gun Adaptor 13 (Female G3/8-18)
BPCSA14	PCS Spray Gun Adaptor 14 (Male 7/16-14)
BPCSA15	PCS Spray Gun Adaptor 15 (Male G1/8-28)
BPCSA16	PCS Spray Gun Adaptor 16 (Male G1/4-19)
BPCSA19	PCS Spray Gun Adaptor 19 (Male M10*1)
BPCSA20	PCS Spray Gun Adaptor 20 (Female G1/4-19)

- Available in multiple different variants, suitable for all leading gun manufacturers
- They are made from stainless steel, easy to install and clean
- Adaptor reference numbers are engraved onto the adaptors to help for easy identification when removed from their packaging

Polishing

The Polishing range provides a solution for the Car Refinish process, using the latest technologies.

bodyline®

Ultimate Cut Compound Plus

Part No.	Size
BUCCP1	1kg

Using the latest technologies, this compound has extreme cutting capabilities using ceramic abrasives, helping to deliver excellent scratch removal and reduced product consumption. It is ideal for removing coarse sanding scratches to produce a high gloss finish, reducing process time as there is no need for reworks.

- Versatile and easy to use; the compound produces less throw off, reducing cleaning times
- Excellent lubrication; allowing the compound to be in use for longer
- A unique berry scent when in use; providing a pleasant aroma in the Bodyshop
- Distinctive purple colour; visually appealing and easy to quickly identify the product

Ultimate Finish Compound

Part No.	Size
BDPBUFC1	1kg

Ideal for use on dark coloured vehicles or when an extreme gloss is required, this product removes holograms and swirl marks.

- Quick and easy to apply
- Produces a high gloss finish
- Enhances colour and removes

Polishing & Compounding Foams

Part No.	Quantity	Quantity
BDPBCFP	Compounding Foam Pad Orange	150mm
BFFWP	Finishing Foam Waffle Pad (Black)	150mm
BDPBGCH75	Mini Compound Pad	75mm x 25mm

The Compounding Foam has a special foam construction to allow fast abrasion and quick cutting action by breaking down the compound and removing the scratches to achieve a finer finish.

- Full foam face gives durability to the pad
- Hook and loop system allows ease of change between different foam heads

The Polishing Foam has been designed to work with fine compound that is still on the panel. The waffle pattern provides pockets to hold the finishing compound on the pad. This reduces heat in the panel, speeds up the polishing process and gives an improved even, high gloss finish.

- Hook and loop system allows ease of change between different foam heads

The Grip Fastcut Compound Pad provides fast abrasion and quick cutting action to help achieve a finer finish.

Microfibre Cloths

Part No.	Item	Quantity
BDPBMFCB	Blue	Pack of 10
BDPBMFCY	Yellow	Pack of 10

A great alternative to chamois and scrim. Ideal for stainless steel, designed for smear-free glass cleaning.

- Cleans and shines, capturing dust particles when dry
- Removes traces of grease and grime when used wet
- Can be washed and reused
- Use as part of the polishing process

Purple Microfibre Cloths

Part No.	Item	Quantity
BDPBMFCM	Purple	Pack of 10

A great alternative to chamois and scrim. Ideal for stainless steel, designed for smear-free glass cleaning.

- Cleans and shines, capturing dust particles when dry
- Removes traces of grease and grime when used wet
- Can be washed and reused
- Use as part of the polishing process

Lambswool Bonnet

Part No.	Size	Quantity
BDPBLB7	180mm	Pack of 10

A tie-on wool bonnet ideal for use on plastic panels and hard surfaces.

- Aggressive cutting action

Supersoft Polishing Cloth

Part No.	Size
BDPBSPC	28cm x 37cm

Excellent absorption properties and are low static.

- Super soft, leaves no scratches
- Cardboard dispenser box for easy storage and prevents contamination
- Low lint minimises fibre shredding
- 400 sheets

BODYLINE® products are designed with customer efficiency in mind.

Health & Safety

From disposable gloves to paper overalls, the Health & Safety range has been designed to address all areas of Bodyshop user safety and comfort.

bodyline®

Bodyshop Pro Coverall

Part No.	Size
BDPBPCM	Medium
BDPBCL	Large
BDPBPCXL	XLarge
BDPBPCXXL	XXLarge

Made from a micro porous low lint fabric, giving them a ventilated breathable design from head to knee.

- Knitted cuffs, a re-sealable flap, an elasticated waist and a self adhesive pocket add to user comfort and protection
- They provide chemical and dust resistance, ideal for all bodyshop practices

PPG Eveotec Professional Coverall

Part No.	Size
DEA1002-1148	Medium
DEA1002-1152	Large
DEA1002-1156	XLarge
DEA1002-1160	XXLarge
DEA1002-1162	XXXLarge

The PPG Coveralls are CE Marked and made from revolutionary fabric to allow breathability and comfort whilst offering excellent protection. The innovative carbon fibre fabric eliminates any electro-static charge and heat build-up ensuring complete user safety.

- Material: 100% Polyester with soft touch
- Reusable coverall, silicone-free, lint-free
- AVS Air Ventilation system, slot at the back and net inset at the axle
- Comfortable elastics at the wrist
- 2-way zipper, covered

Nitrile Gloves

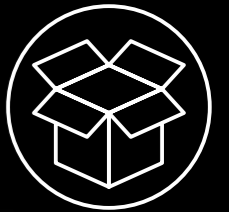

Part No.	Size	Quantity
BDPBNGM	Medium	Box of 100
BDPBNGL	Large	Box of 100
BDPBNGEL	XLarge	Box of 100

Lightweight disposable gloves designed to provide excellent protection whilst still allowing excellent dexterity and comfort. These gloves offer outstanding protection with all types of refinish processes.

- Latex and powder free, eliminates the risk of Type 1 allergic reactions
- Paintshop use

Consumables

The Consumables range provides all the essentials products needed for the Car Refinish Process.

bodyline®

Blue Centrefeed Roll

Part No.	Item	Size
BDPBBCR2	2ply	150m x 195mm

A range of general purpose centre feed paper rolls for wiping and cleaning.

- 100% recycled material
- Strong, reliable and versatile
- Centre feed rolls are convenient, durable with high absorbency and wet strength
- Roll length 150m x 195mm
- Supplied in a pack of 6
